1. DIVERS 2026

Men	Women
For 2026, the number of qualified World Series divers participating in all tour stops of the Red Bull Cliff Diving World Series is 8 (eight). The maximum number of divers participating in the World Series who are from the same country is 2 (two). Exceptions are wildcard invitations for any single event/tour stop. For each tour stop in 2026, 4 (four) wildcard divers can be invited. This number can vary due to national circumstances. These invitations depend on several factors, such as/ but not limited to: - ranking in the <i>World Ranking 2026</i> - performance in 2025/2026 in all relevant events, as well as video footage that is provided, diving safety, diving progression, media/ audience value for the host country, travel aspects and other relevant factors. There may be some openings during the year, in which case one or more divers from the pool of wildcard divers will be invited. Even though wildcard divers may not compete in all individual tour stops, their results will still count towards the overall Red Bull Cliff Diving World Series ranking and <i>World Ranking</i> (see 6.1). Points and prize money in any single tour stop will be awarded for places 1 to 12 (see 3.3. and 17.1).	For 2026, the number of qualified World Series divers participating in all tour stops of the Red Bull Cliff Diving World Series is 8 (eight). The maximum number of divers participating in the World Series who are from the same country is 2 (two). Exceptions are wildcard invitations for any single event/tour stop. For each tour stop in 2026, 4 (four) wildcard divers can be invited. This number can vary due to national circumstances. These invitations depend on several factors, such as/ but not limited to: - ranking in the <i>World Ranking 2026</i> - performance in 2025/2026 in all relevant events, as well as video footage that is provided, diving safety, diving progression, media/ audience value for the host country, travel aspects and other relevant factors. There may be some openings during the year, in which case one or more divers from the pool of wildcard divers will be invited. Even though wildcard divers may not compete in all individual tour stops, their results will still count towards the overall Red Bull Cliff Diving World Series ranking and <i>World Ranking</i> (see 6.1). Points and prize money in any single tour stop will be awarded for places 1 to 12 (see 3.3. and 17.1).

2. GENERAL

Divers hand in their four planned dives on arrival day but latest 7pm on the night before the first competition dive (depending on arrival/schedule) via an online form. The link to this form will be shared latest the day before arrival by the Red Bull Cliff Diving World Series team.

3. COMPETITION FORMAT

3.1. OFF THE PLATFORM COMPETITION

1. The competitions shall consist of:

Men	Women
- 1 (one) required dive of a maximum degree of difficulty of 2.8; - 1 (one) intermediate dive with a maximum degree of difficulty of 3.6; - 2 (two) optional dives assigned a degree of difficulty calculated from the Red Bull Cliff Diving DD table/ Appendix 3.	- 1 (one) required dive of a maximum degree of difficulty of 2.6; - 1 (one) intermediate dive with a maximum degree of difficulty of 3.4 - 2 (two) optional dives assigned a degree of difficulty calculated from the Red Bull Cliff Diving DD table/ Appendix 3.

The winner of any individual tour stop is the diver with the highest point total from this stop. In case two or more divers have the same cumulative score they both receive the prize money for the ranking (see 17.1), and the points for the overall World Series (see 3.3.).

If for example two divers are in first place, both get the prize money for the 1st place and in terms of points for the World Series both will get 20 points.

3.1.2. The ranking in each tour stop will be awarded with points according to the table 3.3.1. Winner of the Red Bull Cliff Diving World Series will be the athlete with the highest overall points after all competitions.

3.2. OFF THE CLIFF COMPETITION

If a tour stop is decided to be an “off the cliff”, the competition format is slightly different. The competition shall consist of:

Men	Women
- 1 (one) required dive with a maximum DD of 2.8; - 1 (one) intermediate dive with a maximum DD of 3.6; - 2 (two) optional dives are done as usual from the built platform. If the off the cliff round is under 22mts the maximum DD of the required dive will be 2.6 and the maximum DD of the intermediate dive will be 3.4.	- 1 (one) required dive with a maximum DD of 2.6; - 1 (one) intermediate dive with a maximum DD of 3.4; - 2 (two) optional dives are done as usual from the built platform.

Please note: if the required and intermediate dives are done straight off the cliff, the diver can choose the order of required and intermediate due to the nature of the take-off spot.

In the case of only 1 (one) off the cliff dive, the divers have to show 3 (three) take-offs only.

The take-off of the required and intermediate dive can be repeated or the take-off of the required dive and 1 (one) of the optional dives.

In case of 2 (two) off the cliff dives, the divers have to show 2 (two) take offs only. The take-offs for the optional dives must be from 2 (two) different groups.

3.3. RED BULL CLIFF DIVING WORLD SERIES TOUR STOP SCORING AND POINTS

3.3.1. Divers will receive points that will be tallied towards the rest of the series. Per event the scores are as follows:

Rank	Points	Rank	Points	Rank	Points
1 st	20	5 th	8	9 th	4
2 nd	16	6 th	7	10 th	3
3 rd	13	7 th	6	11 th	2
4 th	10	8 th	5	12 th	1

If 13 divers participate in a tour stop, the 13th place will receive 0 points towards the Red Bull Cliff Diving World Series Ranking. But the stop and result will count towards the World Ranking (see 6.2)

3.3.2. If there is a tie, the better ranked diver will be the diver who has:

- more wins, more second places, etc...;
- total points of all results.

If there is still a tie there will be 2 (two) Red Bull Cliff Diving World Series overall winners.

The same rule applies if there is a tie for any overall rank awarded with prize money or linked to a qualification mode and criteria.

Prize money will be paid out according to the final rankings after dissolving ties.

3.3.3. If it's defined that, for example, top 4 (four) men and women overall automatically qualify for the next season and there is a tie for 4th place, divers concerned are both qualified. Prize money is paid according to the tie rules above.

3.4 BEST DIVE OF THE COMPETITION: 1 POINT BONUS

3.4.1. For the women and men competition, 1 (one) point will be rewarded to the best dive performed at every single tour stop.

This bonus will count only for the Red Bull Cliff Diving World Series overall ranking.

3.4.2. Definition of the best dive of the competition:

The best dive will be the one with the highest awards from the judges after eliminating the highest and lowest awards.

3.4.3. If there is a tie in the awards from the judges, the diver with the higher degree of difficulty will be awarded the 1 (one) point.

If the divers have the same DD, the higher ranked diver at the end of the competition will be awarded the 1 (one) point.

If there is still a tie, the divers will receive 1 (one) point each.

3.5. GENERAL COMPETITION DIVE REQUIREMENTS

3.5.1. Divers perform 4 (four) dives from a height ranging from:

Men	Women
26,5 – 28 (mts)	20 – 22 (mts)
- The required, intermediate and the 2 (two) optionals must be performed from 4 (four) different take offs out of the 5 (five) take off groups (except off the cliff competitions) - For off the cliff rounds the take-off height can vary but will never be higher than the maximum heights shown above. - Only feet first dives are permitted.	

There are five (5) take off positions:

- Front
- Back
- Reverse
- Inward
- Arm stand

Example: 5141B , 5143D or 102C are from the same take off position.

3.5.2. In the final round divers may change their final dives. The dive can be easier or harder. Divers do not need to write that in the dive sheet as second option of Round 4. However, the dive still has to comply with the repeat dive and group rules as outlined in this Rulebook. Divers need to notify the Competition Director or Sport Director about a change as soon as they know, but no later than before the beginning of the final round. A change at a later stage cannot be accepted anymore. The Competition Director or Sport Director will then inform the Head Judge and Event Management / TV.

3.5.3. None of the dives can be repeated. If a diver repeats a dive, she/he will receive 0 (zero) points (failed dive). In addition, if the 2 (two) optional dives belong to the same group or if the required and intermediate dives belong to the same take off position, the diver will receive 0 (zero) points (failed dive).

3.5.4. All divers will perform 4 (four) dives (one required, one intermediate and two optional) as follows in the 2026 competitions:

Indonesia	Competition day 1: warm up dives + required and intermediate Competition day 2: two optional
USA	Competition day 1: Intermediate Competition day 2: required and one optional Competition day 3: one optional
Denmark	Competition day 1: Intermediate Competition day 2: required and one optional Competition day 3: one optional

Romania	Competition day 1: Intermediate Competition day 2: required and one optional Competition day 3: one optional
Italy	Competition day 1: Intermediate Competition day 2: required and one optional Competition day 3: one optional
Oman	Competition day 1: warms up dives + required and intermediate Competition day 2: two optional

The competition format may change depending on local needs and weather conditions.

3.5.5. Two competition days

The first day of competition will see a warm up period of 60 minutes before the first competition dives. After the rounds of competition dives, a remaining training will be scheduled if timing/location/tide allows it. The order of the first competition round will be determined by a *Lucky Draw*. If it's not possible to hold a *Lucky Draw*, the start order will be determined by a computer draw. If the weather or other circumstances require a change of plans in regards to the order of rounds, the Competition Committee will get together and decide about next steps.

The second day/ final competition day will have a warmup period of 60 minutes. Round 3 (three) and the final round will always happen in reverse order based on the previous rounds' cumulative scores.

Final round will be done by all 12 (twelve) divers for women and men.

3.5.6. Three competition days

The first day of competition will see a warmup period of 40 minutes before the first competition dives. After the round of competition dives, a remaining training will be scheduled if timing/location/tide allows it. The order of the first competition round will be determined by a *Lucky Draw*. If it's not possible to hold a *Lucky Draw*, the start order will be determined by a computer draw. If the weather or other circumstances require a change of plans in regards to the order of rounds, the Competition Committee will get together and decide about next steps.

The second day will have warmup period of 60 minutes. Round 2 (two) and Round 3 (three) will always happen in reverse order based on the previous rounds' cumulative scores.

The third day of competition will have a warmup period of 40 minutes. The final round will always happen in reverse order based on the previous rounds' cumulative scores. Final round will be done by all 12 (twelve) divers for women and men.

3.5.7. Required or intermediate dives conducted on the same Day as the First Practice :

When the required dives or intermediate dives are scheduled on the same day as the first official warmup session, divers are permitted to modify their declared dives immediately after the practice session and prior to the start of the competition.

- 3.5.8. If the weather or other factors require a change of competition schedule, a competition with all 4 (four) dives can also happen on one day or be split up different from usual.
- 3.5.8. If the wind gust speed is at, or reaches 50 km/h, the Competition Committee will get together and decide about next steps. A weather/ wind station is installed at each event. Safe and fair sport conditions are top priority.
- 3.5.9. Water temperature at tour stops shall be not less than 12°C.

3.6. COMPETITION CANCELLATION POLICY

Only completed dives/rounds will count, meaning all divers must complete their dive in one or more rounds.

- **If the competition is cancelled after the first or second round of dives**, divers will be rewarded with prize money but receive no points towards the World Series ranking; full tour stop prize money will be split evenly between all the divers.
- **If the competition is cancelled after the third round of dives**, divers will be rewarded with full prize money/ split according to ranking and receive full points towards the World Series ranking.
- **In case a competition is cancelled at any stage and the divers agree to perform one or more “show” dives**, the full tour stop prize money will be split evenly between all divers as remuneration.
- **In case a competition is cancelled** totally with no competition or show dives taking place and divers already started their travel, remuneration will be € 1.000 EUR per diver.
- **If the Competition Committee decides that the format needs to be changed** (due to weather or other circumstances), divers will be rewarded with full tour stop prize money in any case.

Different options are possible, e.g., to have a single event result with 1 (one) **intermediate** and 1 (one) **optional** dive. In such case, half points will be given towards the World Series ranking.

The order and type of dives doesn't matter as long as they are from different groups. In such cases the dive sheets need to be revised by all the divers with the Head Judge.

3.7. DIVERS CLEARANCE FOR COMPETITION/ PARTICIPATION

- A diver who is not present to compete on all competition days, cannot enter the competition at a later stage.
- If a diver stops competing after the first, second or third round of dives, the diver will be rewarded with full prize money according to ranking and will receive full points (according to ranking) towards the World Series ranking.
- Divers need to dive at least the first round to receive full points according to ranking, and to continue the competition.
- If a diver, for whatever reason, does not start the competition, she/ he will not be allowed to enter the competition at any stage. Consequently, such divers will not be rewarded with prize money and will not receive points towards the World Series ranking.

A compensation for travels of 1.000 EUR will be paid out.

3.8. STARTING ORDER OF DIVERS

- 3.8.1. In case of a tie, the order from the *Lucky Draw* stays the same for the next dive of the concerned divers.

3.8.2. The starting order will not influence the result of the competition. The total points of all four rounds will be added and the diver with the highest overall score wins the competition.

4. PRACTICE SESSIONS

There will be scheduled practice times in which divers may practice their dives prior to the competition.

If a diver wishes to enter a new dive as part of her/his competition list, or a dive with a previous bad landing, or a dive not performed for over a year, then the athlete is required to show this dive in the training session of day 1 or training on day 2. It is then at the discretion of the Head Judge, Competition Director and Sport Director to determine if the dive is safe, and the diver approved to perform the dive in the competition. Dives may only be practiced during scheduled times; due to safety reasons it is a strict rule that there is NO practicing off platforms, or any other competition take offs outside of the scheduled times.

5. DIVE SHEETS

Dives sheet will be submitted via an online form. The link to this form will be shared latest on arrival day by the Red Bull Cliff Diving team.

All dives submitted in a list must consist of at least 180 degrees of rotation around a horizontal axis. The dive sheet should include the dive numbers, the position(s) and the degree of difficulty based on the Red Bull Cliff Diving DD formula/ see Appendix 2.

A list of dives in the order in which the diver will perform them shall be submitted latest until 7pm local time the night before the first competition dive. Any sheets submitted late may be accepted provided a penalty fee of € 100 (hundred Euro).

The changes are allowed mainly for safety reasons as written in 3.5.2. and 3.5.3.

6. QUALIFICATION FOR 2027/ DIVERS SELECTION CRITERIA

6.1. GENERAL REQUIREMENTS

For 2027, the number of qualified World Series divers participating in all tour stops of the Red Bull Cliff Diving World Series is 8 (eight) for the Women and 8 (eight) for the Men.

In addition, 4 (four) more divers will be selected for every tour stop of the 2027 Red Bull Cliff Diving World Series to complete the field (so called “wildcard divers”). This number can vary due to national circumstances.

The maximum number of divers participating in the World Series who are from the same country will be 2 (two) in 2027. Exceptions are wildcard invitations for any single event/tour stop.

Qualification procedure for 2027:

- The top 4 (four) ranked Red Bull Cliff Diving World Series divers 2026 will be automatically qualified as permanent (WS) diver for the 2027 World Series.
- 4 (four) more permanent spots for the Red Bull Cliff Diving World Series 2027 will be assigned through/ based on the 2026 World Ranking.

Final announcement on World Ranking procedure 2026 will be made after external organizers like World Aquatics and external organizers or possibly others announced their schedules, and it is possible for the competition committee of the Red Bull Cliff Diving World Series to define a fair and feasible World Ranking procedure. This can also change during the season with add on or short-term cancellations.

MEN	WOMEN
-----	-------

In total 8 competitions will be considered for the World Ranking System: - 6 stops of the Red Bull Cliff Diving World Series 2026 - 2 World Aquatics High Diving World Cups For now, we are considering all 8 events for the world ranking. Minimum appearance is 4. Important: if competitions are added or canceled during the 2026 season the qualification for 2027 will be updated and sent back to all the athletes. Example: - If a diver attends 8 events all his accumulated overall points will be divided by 8 - If diver appearances are less than 4 events then the divisor for calculating the average points is still 4. In case of ties the World Ranking will be handled via placements (most 1st, most 2nd, etc.). In case of an injury the official Injury Policy/ section 11. will be applied.	In total 8 competitions will be considered for the World Ranking System: - 6 stops of the Red Bull Cliff Diving World Series 2026 - 2 World Aquatics High Diving World Cups For now, we are considering all 8 events for the world ranking. --	--

6.2. WORLD RANKING TOUR STOP SCORING AND POINTS

Divers will receive points that will be tallied towards the World Ranking. Per event the scores are as follows:

Rank	Points	Rank	Points	Rank	Points	Rank	Points	Rank	Points
1 st	45	5 th	23	9 th	14	13 th	8	17 th	4
2 nd	38	6 th	20	10 th	12	14 th	7	18 th	3
3 rd	32	7 th	18	11 th	10	15 th	6	19 th	2
4 th	27	8 th	16	12 th	9	16 th	5	20 th	1

7. CONDUCT OF THE EVENT

7.1. All divers must attend all divers'/ athletes' briefings, media times and all other event functions presented to them in the divers' schedule. Bernie, Julia, Filipa, Orlando or Hassan have to be notified prior in written in case a diver can't attend.

7.2. Divers need to be present at the diving site one hour prior to the start of competition.

7.3. The order of divers will be announced prior to the start of competition.

7.4. The Head Judge/Competition Director / Sport Director or any other assigned crew member shall signal the diver that she/he may commence.

8. CODE OF CONDUCT & ETHICS

All divers are expected to observe above conduct of the event, and to behave in a professional, respectful manner not bringing the sport into disrepute.

Serious misconduct may result in penalties including expulsion from a single tour stop and/or the World Series.

Divers are prohibited from using any forbidden substance for the purpose of enhancing their performance at the events and are not allowed to use any substance or procedures prohibited by any local or International law. Divers should check with their physician to ensure medication that they are taking is not a prohibited substance.

Sanctions can be – but not limited to: warning, fine, suspension, expulsion, cancellation of results, return of awards (medals, prize money).

9. ATHLETES' REPRESENTATIVE

Men	Women
The Athletes' representative for 2025 who was elected at the first World Series tour stop by the 8 permanent World Series divers is James LICHTENSTEIN. A new Athletes' representative for 2026 will be elected at the first stop.	The Athletes' representative for 2025 who was elected at the first World Series tour stop by the 8 permanent World Series divers is Ginni VAN KATWIJK. A new Athletes' representative for 2026 will be elected at the first stop.
The Athletes' representative is the voice of the divers as a group and he/she is free to express any concerns regarding all matters – (from judging, technical issues, safety, weather conditions, to not having adequate food etc.) to the Competition Director.	

10. COMPETITION COMMITTEE

10.1. GENERAL

The Competition Committee will be in charge of making changes and decisions regarding rules, behaviour and/ or any other relevant issues associated with the Red Bull Cliff Diving World Series. It consists of the Red Bull Cliff Diving Int. Project Leader (Jeanette Voglstätter-Reindl), the Red Bull Cliff Diving World Series Competition Director (Hassan Mouti, representing all Sports and Competition topics, especially divers' interests and safety), the Red Bull Cliff Diving World Series Sport Director (Orlando Duque), the Int. Project Manager of the Red Bull Cliff Diving World Series (Bernd Krainbucher, representing all Event related topics), the Int. Communication Director of the Red Bull Cliff Diving World Series (Filipa Costa e Moura, representing all Media and Communications related topics), and the National Project Leader. The competition committee can be extended with the Athletes Representatives if needed. The Competition Committee will always consider all interests and will have the sport and the safety of the divers as highest priority.

10.2. CHANGES

The Competition Committee reserves the right to make changes to any part of the event, including but not limited to changes in format.

However, any changes will be made with careful thought and consideration with all involved parties. This especially applies when a certain situation could affect the safety and fairness of the competition.

11. INJURY POLICY

11.1. In general: Please inform the Competition Director or the Sport Director about your injury and recovery process and any support needed. It is encouraged that if you feel that you cannot continue, please be honest and let someone else have the opportunity to dive.

11.2. In case of a Top 4 prequalified permanent World Series diver being physically injured before the World Series starts, or during the World Series and therefore cannot participate/ appear in the minimum number of competitions, then a follow up between the athletes and the Competition Committee will be put in place. Based on the recovery, the athletes will be invited as “Top Wildcard” the next season giving the opportunity of securing a World Series diver spot during the current season based on results or regaining their permanent status for the following season.

If the diver comes back during the season, they automatically go back in the current ranking.

GENERAL POLICY / No show or withdrawal FROM A DIVER

Any other reason for not starting the season or withdrawal during the season, the athlete will automatically be a wild card for the following year.

12. JUDGING

12.1. GENERAL

12.1.1. The panel of the judges is composed of five (5) judges.

When judging a dive, the judge must not be influenced by any factor other than the technique and execution of the dive. Each dive has to be judged as fair and neutral/ objective as possible, disregarding any biases toward the diver or the dive.

12.1.2. A judge shall award from 0 to 10 points for a dive according to his/her overall impression within the following criteria and scale:

Excellent 10
Very Good 8.5 – 9.5
Good 7.0 – 8.0
Satisfactory 5.5 – 6.5
Deficient 4.0 – 5.0
Very Deficient 2.5 – 3.5
Unsatisfactory 0.5 – 2.0
Completely failed 0

12.1.3. The assistants of the Head Judge shall enter the judges' awards into the diver's statement of dive, cancel the highest and the lowest award, add the remaining 3 awards and multiply this total by the degree of difficulty of the dive to determine the score of the dive according to the following example:

$$\mathbf{8.0, 7.5, 7.5, 7.5, 7.0 = 22.5 \times 3.8 = 85.5}$$

12.1.4. If during the execution of a dive, a diver is unsafely close with her/his head to the platform the judges shall award up to a maximum of 2 points. If the majority of the

judges award a maximum of 2 points, all the scores above it shall be 2 points. The Head Judge will communicate to the judges and to the scoring assistant.

12.1.5. When a dive is performed clearly in a position other than announced, the Head Judge shall notify the other judges about this and declare that the maximum award shall be 2 points before giving the judges the signal to show their marks.

The Head Judge will communicate it on the radio channel to the Show Runner.

12.1.6. When a dive is performed with a break of position during the flight, the Head Judge shall declare a 4 ½ points maximum before giving the judges the signal to show their marks.

12.1.7. When a dive has a break in the position just at or before the entry, the judges shall deduct from ½ to 3 points, according to his/her discretion.

12.1.8. When a dive is not performed in the position as described (straight (A), pike (B), tuck (C), free (D) or 3 position (E), the judges shall deduct from ½ to 2 points, according to his/ her opinion.

12.2. JUDGING CRITERIA

To judge the overall impression of a dive, the points to be considered are Technique and Grace of:

- the Take-off
- the Flight
- the Entry

These are the points to be considered for the rating.

12.2.1. Take-Off

- The take-off in forward dives may be performed either standing or running at the discretion of the diver. The take-off in backward, reverse and inward dives must be performed standing.
- The take-off shall be strong and within a safe distance to the platform.
- When the take-off is not strong and with a safe distance to the platform, each judge shall deduct from ½ to 2 points according to her/his opinion.
- In dives with twists, the twisting shall not be obviously done from the platform. If the twisting is obviously done from the platform, each judge shall deduct ½ to 2 points, according to her/his opinion.
- When in an armstand dive a stationary and steady balance in the straight vertical position is not shown, each judge shall deduct from ½ to 2 points, according to her/his opinion.
- When in an arm stand dive the take-off is executed falling without any action of the arms, the judges shall deduct from ½ to 2 points according to her/his opinion.
- An armstand will start when both legs leave the platform.

12.2.2. The Flight

- During the flight, the position of the dive shall be at all times aesthetically pleasing. Should any of the positions not be shown as described below, each judge shall deduct ½ to 2 points, according to her/his opinion.
- The dive can be executed in the following positions:

STRAIGHT (position A)

In the straight position the body shall not be bent either at the knees or hips. The feet shall be together, and the toes pointed. The position of the arms is at the discretion of the diver.

PIKE (position B)

In the pike position the body shall be bent at the hips, but the legs must be kept straight at the knees, the feet shall be together, and the toes pointed. The position of the arms is at the discretion of the diver.

TUCK (position C)

In the tuck position the body shall be bent at the hips, and the legs must be bent at the knees with feet together. The hands shall be on the lower legs and the toes pointed. The body shall be compact.

FREE POSITION (position D)

In the free position, the body position is optional, but the legs shall be together, and the toes pointed.

In somersault dives with twist, the twist may be performed at any time during the flight.

3 POSITIONS (position E)

During the dive all three positions (A, B and C) must be shown. The straight position must be in the middle of the three positions.

FLYING (position F)

In all flying dives a straight position shall be clearly shown, and that position shall be assumed from the take-off. When the straight position is not shown for at least one quarter of a somersault (90°) the maximum award by the judges shall be 4 ½ points, notwithstanding that the Head Judge has not declared maximum 4 ½ points.

12.2.3. The Entry

- The entry into the water shall in all cases be vertical, not twisted, with the body straight, the feet together.
- When the entry is short or over, twisted or the body not straight, the feet not together, and the toes not pointed, each judge shall deduct according to her/his opinion.
- At the entry the arms shall be close to the body. If one or both arms are held above the shoulder line on entry, the highest award for such an entry is 4 ½ points, despite that the Head judge has not declared maximum 4 ½ points.
- When the arms are not in the correct position each judge shall deduct from ½ to 2 points, according to her/his opinion.
- When a twist is greater or less than that announced by 90 degrees or more, the judges shall award zero (0) points, despite that the Head Judge has not declared it to be a failed dive.
- The dive is considered as completed, when the whole of the body is completely under the surface of the water.

12.3. FAILED DIVE

- When the Head Judge is certain that a different dive than stated on the dive sheet has been performed, she/he shall declare zero (0) points.
- When a judge is certain that a different dive has been performed, she/he shall raise the hand and announce it to the Head Judge.
- When at the entry a twist is greater or less than 90 degrees than announced the Head judge should declare zero (0) points.

- When a third attempt (3 balks) is unsuccessful.
- Each diver shall be given sufficient time for the preparation and the execution of the dive. When the start of the dive (take off) takes more than 45 seconds after the signal of the “*Dive bell*”, the dive is considered a failed dive. If the “*Dive bell*” is not available, the signal will be given by the Head Judge.

12.4. BALK DIVE:

- When there is a re-start in a standing, running or armstand dive the Head Judge shall declare a 2 points deduction from each judge.
- When a second attempt (a re-start) is unsuccessful the Head Judge shall deduct 4 points from the rating of each judge.
- After a third attempt is unsuccessful the Head Judge shall declare a failed dive.

12.5. SUMMARY OF THE PENALTIES

12.5.1. Head Judge to declare

- *“failed dive”; 0 points:*
 - If a diver has performed a dive of a number other than that announced
 - If the twist is more or less than 90° at the entry than that announced
 - When a third attempt (a re-start) is unsuccessful
 - If a diver refuses the execution of a dive
 - If a diver takes more than 60 seconds for take-off after the “*Dive bell*”, the diver shall receive 0 points. If the “*Dive bell*” is not available, the signal will be given by the Head Judge
- *“2 points deduction”*
 - If there is a re-start in a standing, running, or arm stand dive
- *“2 points maximum”*
 - If a dive is performed clearly in a position other than that announced
- *“4 points deduction”*
 - If there is a second re-start in a standing, running, or arm stand dive
- *“4 ½ points maximum”*
 - If a dive is performed with a break of position during the flight
 - If the straight position in a dive with flying action is not shown for at least 90°
 - If a diver touches the platform with his feet or hands
 - If a diver has one or both arms held above the shoulder line at the entry

12.5.2. Judges to award or deduct

- *Judges to award “0 points” (despite that the Head Judge has not declared failed dive)*
 - If a different dive than announced has been executed
 - If a twist is greater or less than that announced by 90° or more
- *Judges to award “2 points maximum”*
 - If a dive is performed clearly in a position other than that announced
 - If a diver is unsafely close to the platform with her/his head

- *Judges to award "4 ½ points maximum" (despite that the Head Judge has not declared maximum 4 ½ points)*
- If a dive is performed with a break of position during the flight
 - If in a flying dive, a straight position is not clearly shown for at least one quarter of a somersault (90°)
- If one or both arms are held above the shoulder line in the entry
- If a diver touches the platform with his feet or hands
- *Judges to deduct "from ½ to 2 points"*
- If a dive is not performed in a position as described
- If in an armstand dive, a stationary and steady balance in the straight vertical position is not shown
- If in an armstand dive, the take-off is executed falling without any action of the arms
- If the take-off is not strong and in safe distance to the platform
- If in a twist dive, the twisting is obviously done from the platform
- If the arms are not in the correct position at the entry
- *Judges to deduct "from ½ to 3 points"*
- If a break in the position is just at or before the entry
- *Judges to deduct "according to individual opinion"*
- If the entry into the water is not vertical, or nearly so, or twisted, with the body not straight, the feet not together, and the toes not pointed

13. JUDGES PANEL

3 judges, 1 assistant head judge and 1 head judge will be selected and confirmed for each competition/tour stop out of a pool of 12 judges by the Competition Committee. Judges for each event will be chosen based on performance, availability of the judge and travel considerations.

#	Name	Nationality	Function
1	José Antonio Martínez Ochoa	MEX	Judge/Head Judge
2	Anke Piper	GER	Judge/Head Judge
3	Cyrille Oumedjkane	FRA	Judge/Head Judge
4	Marion Reiff	AUT	Judge
5	Julian Llinas	ESP	Judge
6	Egill Ormarsson	DEN	Judge
7	Jeff Arbon	AUS	Judge
8	Simon Latimer	NZL	Judge
9	Ginger Huber	USA	Judge
10	Valerio Polazzo	ITA	Judge
11	Sam Dorman	USA	Judge
12	Eber Pava	COL	Judge

14. DIVERS COMPLAINT

14.1 Judging and Sport

Should a diver feel that he or she was seriously disrupted/disturbed during the dive or on take-off and this incident affected the execution of the dive, he or she needs to notify the Competition Director (Hassan Mouti) and/or Sport Director (Orlando Duque) immediately after the dive is scored. He or she may have to get the Competition Director's and/or Sport Director's attention by Radio Communication/walkie-talkie. They along with the Head Judge will examine the complaint immediately or during the break between rounds. The Competition Director or Sport Director shall communicate the final decision during the break via the official Results and Show Run channel and to the diver directly.

The diver is not permitted to protest against the judges & judging on scoring. The scores cannot be changed. Any concerns with the judging need to be communicated only with the Competition Director and/or Sport Director and directly after the event.

14.2 General complaint

Any other complaints should come via email to Julia, Bernd, Hassan, Orlando and Filipa.

15. JUDGES ASSESSMENT

The Competition Director will collect all statistical data with the aid of the graphic crew and additional video review where applicable. Immediately after each competition, there will be a meeting with the Competition Director, the Head Judge and the judges, where the judges' performance will be evaluated and possibly discussed for any discrepancies regarding scores; this discussion is aided by the video footage if necessary.

16. CODE OF ETHICS

This code shall apply to all the divers and judges of the Red Bull Cliff Diving World Series. It shall also apply to diver's managers, individual sponsors, and diver's entourage (family, friends, etc.).

16.1. PRINCIPLES

Equality:

No discrimination on the base of gender, race, religion, or political opinion will be tolerated.

Dignity:

All forms of harassment, be they physical, psychological, professional or sexual, are strictly prohibited.

Fair Play:

Fair play is the basic guiding principle in the sport!

16.2. INTEGRITY

No judge shall, directly or indirectly, accept or offer any remuneration, commission, benefit or service of any nature connected with their role as judge in the Red Bull Cliff Diving World Series, except for the official fee and remuneration paid and provided by the World Series organization.

16.3. NEUTRALITY

Judges shall remain politically neutral, in accordance with the principles and objectives of the Red Bull Cliff Diving World Series and generally act in a manner complying with their function and integrity.

If the opinion or decision of a judge is influenced by a conflict with a diver or his entourage, he or she shall immediately report it to the Competition Committee.

17. AWARDS

17.1. SINGLE EVENT/ TOUR STOP PRIZE MONEY

Men: Total EUR 50.000				Women: Total EUR 50.000			
Rank	EUR	Rank	EUR	Rank	EUR	Rank	EUR
1st	8 750	8th	3 080	1st	8 750	8th	3 080
2nd	7 040	9th	2 860	2nd	7 040	9th	2 860
3rd	5 830	10th	2 530	3rd	5 830	10th	2 530
4th	4 730	11th	2 310	4th	4 730	11th	2 310
5th	3 850	12th	2 200	5th	3 850	12th	2 200
6th	3 520			6th	3 520		
7th	3 300			7th	3 300		

In case the number of divers will decrease, the prize money will be still paid out according to above ranking-prize money list.

In case 13 divers compete, the prize money for the 13th place is 1 000€.

17.2. OVERALL WORLD SERIES PRIZE MONEY

Men: Total EUR 75 000				Women: Total EUR 75 000			
Rank	EUR	Rank	EUR	Rank	EUR	Rank	EUR
1st	19 560	5th	9 460	1st	19 560	5th	9 460
2nd	14 850	6th	8 140	2nd	14 850	6th	8 140
3rd	11 990			3rd	11 990		
4th	11 000			4th	11 000		

18. CALENDAR 2026

19. OUTLOOK 2027

A first outlook for 2027 will be provided at the last stop of the Red Bull Cliff Diving World Series 2026.

RED BULL CLIFF DIVING WORLD SERIES 2026

6 TOUR STOPS | CALENDAR PLANNING

					
MAY 20-23	JUN 5-6	JUN 27	AUG 22-23	SEP 25-27	NOV 12-14
INA Bali	USA Florida	DEN Copenhagen	ROU Constanta	ITA Polignano a Mare	OMA Muscat

APPENDIX 1

DIVE DEFINITIONS

DIVE GROUPS

There are Five "groups" into which dives are classified: **Forward, Back, Inward, Reverse, Arm stand.**

- In the Forward Group (Group 1), the diver takes off facing forwards and rotates forwards. The diver can also incorporate and axial twisting movement.
- In the Back Group (Group 2), the diver takes off with his back to the water and rotates backwards. The diver can also incorporate and axial twisting movement.
- In the Reverse Group (Group 3), the diver takes off facing forwards and rotates backwards. The diver can also incorporate and axial twisting movement.
- In the Inward Group (Group 4), the diver takes off with his back to the water and rotates forwards. The diver can also incorporate and axial twisting movement.
- In the Arm stand Group (Group 5), the diver starts his dive from an Arm stand position. Which can be executed forward, back or reverse rotations. The diver can also incorporate and axial twisting movement.

DIVE POSITIONS

During the flight of the dive, one of the following positions may be specified:

- **A: Straight** – with no bend at the knees or hips.
- **B: Pike** – with knees straight but a tight bend at the hips.
- **C: Tuck** – body folded up in a tight ball, hands holding the shins and toes pointed.
- **D: Free** – Some sequence of the above positions.
- **E: 3 Positions** – all positions A, B, C must be shown.
- **F: Flying** – straight position for at least 90° after take-off in one somersault.
- **M: Mid-Turn** – a ½ twist after no less than one (1) somersault after the take-off and followed by one or more somersault in the tuck or pike position as declared in the dive sheet.

TWIST

A twist is any movement during a dive that occurs when the diver rotates around an imaginary vertical axis that runs from the head to the toes of the diver. Twists are performed in competitions up to 5 revolutions and can be added to dives in the forward, back, reverse, inward and arm stand categories. To be considered a twist the rotation around the axes must be at least 180 degrees for back and reverse spinning dives and 180 degrees for forward and inward spinning dives except for forward and inward spinning diving dives ending with a barani

BARANI

1 somersault forward rotation with a 1/2 twist. Used as an entry maneuver, it gives the diver the best view of the water. A dive with no twist ending with a barani is NOT considered a twisting dive.

BLIND ENTRY

The last time the diver sees the water is at least half a somersault before entry and lines up "Blind".

FLYING POSITION

"Fly" describes dives consisting of at least one complete somersault and performed in the straight position for no less than 90°. The straight position must then be followed by either tuck or pike position.

MID TURN

Mid-Turn – it's half twist done in any of the somersaults of the dive except the last somersault. When the tuck or pike position is performed during of the dive that same position must be applied after the mid turn.

DEGREE OF DIFFICULTY – FORMULA

Also known as DD; a rating for all dives performed in competition.

In calculating the Degree of Difficulty for dives with twists, the following need to be noted:

Standing dives:

- Dives with 1 and 2 somersaults and twists can only be executed in position D;
- Forward and Inward twisting dives with 3 ss with $\frac{1}{2}$ - $2\frac{1}{2}$ twists can only be executed in position B or C. All remaining dives in position D;
- Back and Reverse twisting dives with 3 ss with $\frac{1}{2}$ - 3 twists can only be executed in position B or C. All remaining dives in position D;
- Dives with 4 and more somersaults and twists can only be executed in position B or C.

Arm stand dives:

- Arm stand dives with $1\frac{1}{2}$ somersaults and twists can only be executed in position D;
- Forward Arm stand twisting dives with $2\frac{1}{2}$ ss with $\frac{1}{2}$ - $1\frac{1}{2}$ twists can only be executed in position B or C. All remaining dives in position D;
- Back Arm stand twisting dives with $2\frac{1}{2}$ ss with $\frac{1}{2}$ - 2 twists can only be executed in position B or C. All remaining dives in position D;
- Arm stand dives with $3\frac{1}{2}$ and more somersaults and twists can only be executed in position B or C.

POINT OF CONTACT

Any queries or doubts to be addressed to the Competition Director and the Sport Director of the Red Bull Cliff Diving World Series:

Hassan Mouti:

E-mail: h.mouti@verticallimitevent.com

Orlando Duque:

E-mail: orlandoduque@me.com

APPENDIX 4 INTERNATIONAL DOCTOR & CONCUSSION PROTOCOL

An International Doctor will be present at every tour stop competition;
Divers will be (re-)introduced to the Doctor at the first Athletes Briefing of every tour stop.

The Red Bull Cliff Diving World Series follows the Concussion Protocol developed by International Doctor Thomas Hoffellner specifically for the event tour stops.
The Protocol will be shared with the divers before the first tour stop 2026 and also be implemented in the Rulebook in Appendix 4 by then.

APPENDIX 5 DIVE CLOCK

In the 2026 Red Bull Cliff Diving World Series season, a Dive Clock will be installed.
Once "TV Ready" has been given with a clear sign to the Diver, the Dive Clock starts with the ring of the bell. The diver then has 45 seconds to start their dive.
An excess of the 45 seconds has no immediate consequence in the season 2026, however such steps might be implemented for 2027 and onwards.

APPENDIX 6 YOUR POINTS OF CONTACT IN THE RED BULL CLIFF DIVING WORLD SERIES TEAM

- General/ Overall Red Bull Cliff Diving World Series related topics:
Bernd KRAINBUCHER (bernd.krainbucher@gmx.at)
Julia GÖTSCHHOFFER (Julia@goetschhofer.com)
- Sports & Competition related topics:
Hassan MOUTI (h.mouti@verticallimitevent.com)
Orlando DUQUE (orlandoduque@me.com)
- Marketing/ Partnerships & Sponsors related topics:
Tobias ZEHENTNER (tobias.zehentner@lufux.at)
- Travels and Communications requests:
Julia GÖTSCHHOFFER (Julia@goetschhofer.com)
- Communication and Media Production topics:
Filipa Costa E Moura (Filipa.CostaE Moura@redbull.com)

APPENDIX 7
NOTIFICATION/ ORGANIZATIONAL INFO 2026 WORLD SERIES

1.) GENERAL

The divers shall help to promote themselves, the Red Bull Cliff Diving World Series and its sponsors, and sponsor's products if given for free to diver, except the diver has a personal sponsor in the respective category.

2.) TRAVEL PROCEDURE 2026

The Red Bull Cliff Diving World Series will book and issue all flight- / train tickets and will make all hotel reservations for you and your trips to and from a Red Bull Cliff Diving World Series event if not stated specifically otherwise. Red Bull Cliff Diving World Series will try to issue tickets with everybody's preferred mileage program if this doesn't exceed budgets by significant amounts greater than EUR 150,- per person and ticket. The travel arrangements will be done by the Red Bull Cliff Diving World Series (Julia Götschhofer) in cooperation with the travel agency in Fuschl/ Austria and the team of the last years. Red Bull Cliff Diving World Series aims to provide all divers with services at the highest standards and convenience. Please make sure to answer on itinerary proposals as soon as possible as otherwise reservations will expire, and tickets will get more expensive.

3.) ARRIVAL A DAY EARLIER/ ACCLIMATIZING

The usual arrival day for athletes competing at the Red Bull Cliff Diving World Series is event day - 3 (minus 3). If a diver has a longer net flight time than 6hrs to the final competition destination and therefore wants to get in one day earlier (event day -4) for acclimatizing reasons, this is possible. Red Bull Cliff Diving World Series needs to be notified 3 months prior arrival date in order to have everything in place and do hotel reservations. There'll be no additional costs for the diver and also hospitality will be provided if possible. An arrival a day earlier (event day -4) is in general always possible if first hotel night is paid by the diver.

4.) ACCOMPANIES 2026

Accompany costs for guests staying with the diver in the room and using Red Bull Cliff Diving World Series services such as shuttles, meals, official side events, etc. will be charged to the respective diver by deducting the costs from the prizemoney. Costs for accompanies will be communicated in advance of the stops as costs will vary due to local pricing and rates.

5.) FEE FOR MEDIA-/ ADDITIONAL APPEARANCES 2026

In general, Red Bull Cliff Diving World Series aims that all the activities scheduled together with the diver create a significant added value and benefits for you as it enables you to raise awareness for yourself and your partners. For the Red Bull Cliff Diving World Series 2024 additional activities, involving the divers throughout the year, are planned besides the regularly scheduled activities during the time at the tour stops. Those activities will be scheduled and discussed with the diver personally before confirming it. The fee/ remuneration for such activities will be EUR 750,- per day high diving, EUR 500,- per day media work and EUR 150,- for additional travel days. This fee will apply to any activity planned for this season in addition to the regularly scheduled activities during tour stops (e.g., the pre-shooting day for the permanent World Series Divers*). Please note: Within such aligned additional activities it will be possible or needed to do a high dive for a still or moving image shooting. Please announce upfront in case you do not want to do a high dive. In such case the activity will be agreed with another diver. If you agree to the activity, it is therefore assumed, you also agree to the high dive.

** Regarding the pre-season shooting day it is recommend having your sponsors ready on your items as this content will be used throughout the whole year for profiles, intros etc.*

6.) PER DIEMS

In some stops of the Red Bull Cliff Diving World Series 2026 it will be possible to work with per diems or meal vouchers again, to free you from fixed lunch or dinner times. Please understand that this cannot be confirmed for every tour stop.

7.) LEADING SHAMMY

A shammy will be given to the leader of the Red Bull Cliff Diving World Series at each tour stop. The diver is only allowed to use it during the weekend they are leading in the Red Bull Cliff Diving World Series Overall standing.
